## **Understanding Your Investments: Complimentary Seminar**

**Parker – October 14, 2007**– Goldlink Investment Advisors announces a complimentary investment seminar series designed to teach investment basics to those who wish to have a better understanding about their investments.

The series will be presented by Susan Baber, a Certified Financial Planner® of nine years and a registered fiduciary. Baber is an investment advisor who has served in the industry for thirteen years. “I believe everyone is entitled to understanding their finances, especially their investments and the fees involved that most people are not aware of. With thousands of investment choices available, the likeliness for confusion increases. These classes are meant to guard against the uncertainty surrounding investments.” said Baber.

Series 1, Understanding Your Investments, will take place on two dates that attendees can choose from: Saturday, November 3<sup>rd</sup> at 10:00a – 11:30a and Wednesday, November 7<sup>th</sup> from 6:30p – 8:00p at the TEC Building, 11479 S Pine Drive in Parker.

Attendees will learn: why they should invest, the various types of investments, common asset classes for their portfolios and different ways to invest. For more information about this investment series, call (720) 252-2272.
